Dear Selection Team:

I hope this letter finds you well. I am writing to you with enthusiasm to express my interest in carrying out my professional internship in the area of Web Application Development as part of my training in the Higher Degree (level 3 qualification) in Web Application Development at I.E.S Francisco Ayala.

Throughout my training, I have acquired solid skills in the design and development of web applications using various technologies such as HTML, CSS, JavaScript, PHP, Java, SQL and MySQL. My experience in developing academic projects has allowed me to apply this knowledge effectively, and I have worked with frameworks such as React, Node.js, Angular and Laravel to improve the efficiency and functionality of applications.

My ability to work in teams and adapt to challenging environments has been demonstrated in collaborative projects, where I have had the opportunity to apply my technical knowledge and contribute to the success of the team. My familiarity with a variety of frameworks has provided me with a comprehensive understanding of best practices in modern web development.

I am excited for the opportunity to apply and expand my knowledge in a professional environment through an internship. My goal is to learn from experienced professionals and bring my passion and dedication to the development team.

Attached to this letter, you will find my resume, which provides more detailed information about my background and technical skills. I am available for an interview at any time that is convenient for you. I sincerely appreciate your consideration and look forward to the opportunity to discuss how my profile could be a valuable contribution to any team.

I thank you in advance for your attention and look forward to hearing from you.

Yours sincerely,
Miguel Hurtado Mesa
